Sommet-De-Couleur-2019

“Colour is the place where our brain and the universe meet.” Paul Klee

Venue : The Exhibition Centre, Swarnim Park, Near jilla panchayat, Sector 17, Gandhinagar, Gujarat 382016.

<https://goo.gl/maps/XP9ungtHBoSfWNih8>

Date : Thursday 5th Dec to Sunday 8th Dec 2019

The SDC International, ISFT and KDCL have collaborated to create their mission to showcase the following:

- To put forward challenges for textile professionals in colour communication, colouration and compliance
- To encourage collaborations between fashion and textile colouration
- To provide a platform for innovators, users and compliance organisations to engage in and collaborate for a ‘greener’ colouration industry.

To fulfill this mission, the trio will organise four enlightening seminars and a grand fashion show at the ITMACH 2019 (<https://www.itmach.com/project/itmach-india-2019>)

We expect the machine manufacturers to take a lead in providing solutions to more sustainable manufacturing of textiles. Machines are the tools that can shape the colouration process in a way that it delivers the best outcome.

Details about the event are available at: <https://sdc.org.uk/event/sommet-de-couleur-2019>
